DIVIDEND

Interim Dividend per share

Interim Dividend - payable on 11 April 2014: 3.25 cents

The record date to determine entitlements to the interim dividend 21 March 2014

The Board has approved a 3.25 cents per share interim dividend payable on 11 April 2014, fully franked. As market conditions have improved, the Board has determined to increase the dividend on the previous corresponding period but lower than the final dividend last year due to the current volatility in the market. This will assist in restoring reserves to appropriate levels. The Board remains committed to maximising the returns to Shareholders and have approved the amount that maximises access to the company's stock of franking credits.

Dividend Reinvestment Plan

The Dividend Reinvestment Plan will apply to this interim dividend with the price determined by the Directors guided by the weighted average market price of ordinary shares of the Company sold on the ASX on the first day on which those shares are quoted ex dividend in relation to the dividend to which the allotment under the Plan relates and the following four business days.

The last date for the receipt of an election notice for participation in the dividend reinvestment plan will be 24 March 2014. There is no foreign conduit income attributable to the dividend.

Previous corresponding period

Interim Fully Franked Dividend paid 12 April 2013: 3.00 cents

Flagship Investments Limited

Capital Gains Components

As previously advised, the capacity of the Company to facilitate access to the capital gain benefit of the dividend will depend on the Company's capacity to generate capital profits. The Company has not generated sufficient capital profits to offset the carried forward capital losses.

Therefore the interim dividend will not include any capital gain component. The inclusion of a capital gains component in future dividends, will be dependent on the current capital losses being exhausted and sufficient capital profits being generated.

NET ASSET BACKING

The net asset backing per share (tax on realised gains only) at 31 December 2013 was \$1.700 per share compared with \$1.506 at 30 June 2013.

The net asset backing per share (tax on realised and unrealised gains) at 31 December 2013 was \$1.556 per share compared with \$1.430 at 30 June 2013.

REVIEW OF OPERATIONS

World equity markets continued to perform well over the past six months, maintaining the positive momentum established during the prior year. The MSCI (as measured in US dollar terms) increased by 15.9% in the six months to December 2013, after increasing by 7.1% in the prior six month period to June 2013. However, when measured in Australian dollar terms, the MSCI increased by 18.7% over the six months to December 2013 reflecting the decline in the value of the Australian dollar during this period.

The Australian market, as measured by the All Ordinaries Index, gained 12.1% over the past six months and by 14.8% over the past twelve months. This performance for the same twelve month period was lower than the 24.1% gain of the MSCI Index in USD and 44.6% in AUD.

Clearly the International markets performed better than our domestic markets during the recent six and twelve months in large part due to the poor performance of commodity markets which prevailed during the period and as a result of the softening in economic activity in Australia and a decline in the value of the local currency.

The portfolio has performed exceptionally well, increasing by 17.0% for the six months to the end of December 2013 as compared to the All Ordinaries Index which increased by 12.1%. A 3.5 cent dividend was paid in September which resulted in a 15.7% total return to Shareholders over the same six month period with a 25.0% total return to Shareholders over the twelve month period.

While the market volatility risk remains, at least in the short to medium term, we expect the companies in the portfolio to continue to report healthy earnings and dividends per share growth over the next twelve months as the world financial situation continues to improve. Our investment focus on high quality companies with earnings certainty and organic growth options, low levels of debt and sustainable competitive advantages means that the portfolio is well positioned to generate above-average returns over a three to five year time horizon for our Shareholders.

DIRECTORS' RESPONSIBILITY FOR THE HALF-YEAR FINANCIAL REPORT

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

AUDITOR'S RESPONSIBILITY

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the company's financial position as at 31 December 2013 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of Flagship Investments Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

INDEPENDENCE

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of Flagship Investments Limited, would be in the same terms if given to the directors as at the time of this auditor's review report.

CONCLUSION

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Flagship Investments Limited is not in accordance with the *Corporations Act 2001* including:

- a) giving a true and fair view of the company's financial position as at 31 December 2013 and of its performance for the half-year ended on that date; and
- b) Complying with Accounting Standard AASB 134 *Interim Financial Reporting* and *Corporations Regulations 2001*.
