HIGHLIGHTS FOR 2022

Highlights for the year ending June 2022

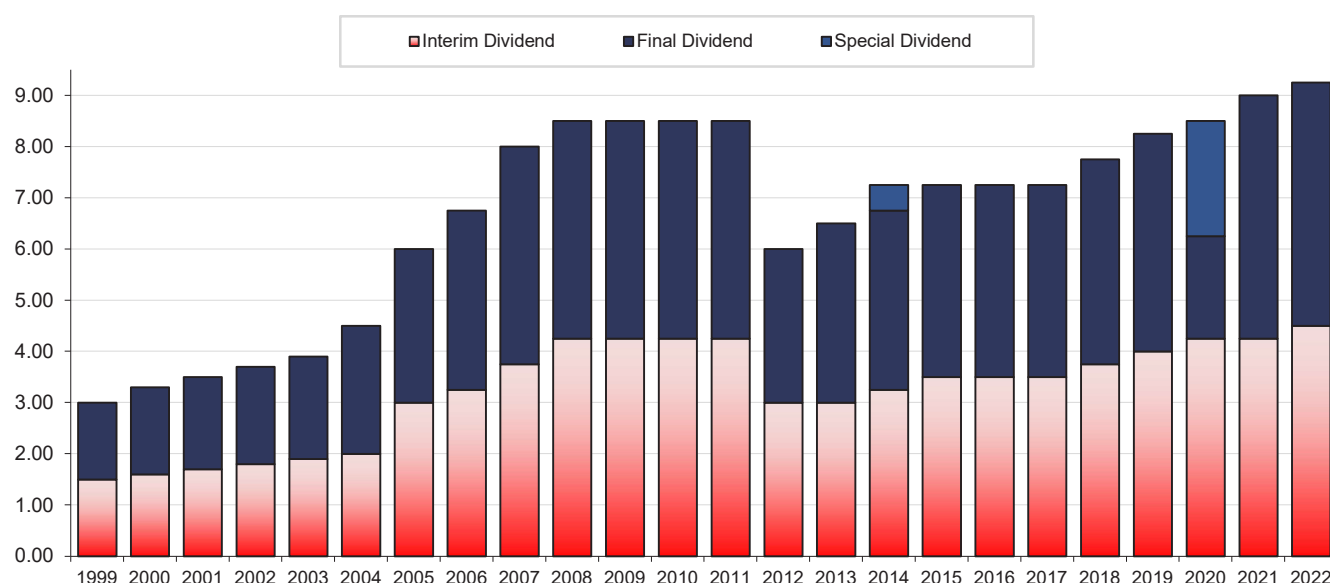

- ◆ In October 2021 FSI Convertible Notes were issued, raising \$20 million. The issue of FSI notes provides the ability to increase the overall size of the investment portfolio without diluting existing FSI Shareholders. The additional capital was deployed in accordance with the existing investment mandate.
- ◆ The total dividend for the FY2022 year is 9.25 cents per share representing a 2.78% increase on the prior year. The annual dividend compound growth rate since inception is currently 5.0%, meeting the Company's dividend objective of exceeding CPI, that has increased annually at 2.6% over the same period.

OVERVIEW

COMPANY PROFILE

Flagship Investments Limited (the “Company”) commenced operations in April 1998 and is a Listed Investment Company (LIC) providing investors with access to an expertly crafted quality portfolio of Australian growth companies.

The portfolio is managed by EC Pohl & Co Pty Ltd which has a strong funds management investment team renowned for its stability, track record and sound investment process.

The Manager’s investment strategy centres on the view that the economics of a business drives long-term investment returns and investing in high quality business franchises that have the ability to generate predictable, above-average economic returns will produce superior investment performance.

MISSION

Creating Shareholder wealth through active management of a portfolio of ASX listed quality growth companies.

OBJECTIVES

The investment objectives of Flagship Investments Limited are:

- ◆ To achieve medium to long-term capital growth and income through investing in a diversified portfolio of Australian companies;
- ◆ To preserve and enhance the NTA backing per share; and
- ◆ To provide Company Shareholders with a fully franked dividend, which over time, will grow at a rate in excess of the rate of inflation.

INVESTOR BENEFITS

The benefits for investors in Flagship Investments Limited are:

- ◆ Reduced share investment risk through a diversified investment portfolio;
- ◆ Professional and disciplined management of an investment portfolio;
- ◆ Fully franked dividend income;
- ◆ Access to tax advantages of Listed Investment Company Capital Gains when available;
- ◆ Access to a Dividend Reinvestment Plan;
- ◆ Easy access to information via the Company’s website www.flagshipinvestments.com.au.

INVESTMENT MANAGER

The management of the Company’s investment portfolio is undertaken by EC Pohl & Co Pty Ltd. EC Pohl & Co is a specialist fund manager with a twenty year track record managing the Flagship Investments’ portfolio. Together with its subsidiary ECP Asset Management Pty Ltd, the group manages equity portfolios on behalf of sophisticated investors, listed and unlisted funds and institutional clients. As at 30 June 2022 the group had \$1.9 billion in funds under management.

The Company's portfolio of investments comprises companies with a sustainable competitive advantage whose operations cover a wide spectrum of business activities. The portfolio is constructed from the perspective of a business owner, by investing in well managed companies and not simply by tracking the index weighting of various component stocks.

Dr Manny Pohl AM is the Managing Director and major Shareholder of EC Pohl & Co Pty Ltd.

Information on the Investment Manager is available from: www.ecpohl.com & www.ecpam.com

ENVIRONMENT, SOCIAL, GOVERNANCE

The Company is committed to responsible investment and believes that Environmental, Social and Governance (ESG) factors have a material impact on long-term investment outcomes. To hold a portfolio of businesses with a sustainable competitive advantage it is important to incorporate ESG analysis into the investment process.

The Manager achieves this by applying its proprietary ‘Pillars of a Quality Franchise’ framework. Through the application of this six-pillar framework, ESG and sustainability risks are mitigated by placing a material emphasis on the Sustainability and Management pillars:

- The sustainability pillar focuses on areas of a business where there may be risk to the predictability of business operations through time. This assists mitigation of default risk and uncertainty of business expansion.
- The management pillar focuses on the trustworthiness of management. This assists mitigation of uncertainty by reducing the risk of managerial conduct or failure of business strategy execution.

The other pillars are the Industry, the Business, the Competition and the Financials.

It is also important to note that the Manager excludes a number of industries including weapons, tobacco, gambling, thermal coal, petroleum, old-forest logging, palm oil, and pesticides – a list that is reviewed annually.

CHAIRMAN'S REPORT

Dear Fellow Shareholders,

After a number of years of significantly outperforming the ASX All Ordinaries Index, the result this year is a sombre reminder of the volatility of the market and the interconnectedness between the local economy and global events. It is fair to say that the results of the past two years have been positively impacted by government stimulus and accommodative monetary policy, in response to the COVID-19 pandemic, and our portfolio was able to capitalise on this environment and performed very well. Conversely, it is unsurprising that a reduction in monetary support, rising interest rates and the pressures of inflation and international tension has had a negative effect on the portfolio.

CONVERTIBLE NOTES

As a separate initiative, during the year, the Company undertook a convertible note offer. The listed, redeemable, unsecured convertible notes were well supported by Shareholders and external investors raising \$20 million, which has been invested in our existing portfolio. The convertible notes offer a 5.5% annual interest rate which provides investors with an attractive return, even after the recent interest rate increases, with the option of conversion into ordinary shares providing additional upside, should the share price increase above the conversion price. Given the volatility of the last five months, we have not yet seen the full benefit of the additional capital, however, the Board remains confident that the strategy will provide benefits to Shareholders over the long term.

In the current market environment, I take comfort in remembering that, over the long-term, the ASX All Ordinaries Index has not failed to increase over time and it is therefore important to maintain composure and, wherever possible, have a strategic investment horizon. I also have great faith in the discipline and skill of the Investment Manager, EC Pohl & Co, to navigate the current environment, interrogate the structure of our portfolio and out-perform the market over the long term.

THE BOARD

I wish to record my appreciation for my fellow Board members for their support and input throughout the past year. We continue to see a number of factors impacting the financial markets, global stability and local environment, and the Board continues to navigate these issues for the benefit of our Shareholders. Finally, the Board would like to thank all Shareholders and Noteholders for their ongoing support. Alas, we do not have a crystal ball and, therefore, do not know what the future will bring but we are grateful for the continuing support of loyal investors who believe in the fundamentals which the Company has always adopted.

Yours sincerely

Dominic McGann
Chairman

MANAGING DIRECTOR'S REPORT

Dear Fellow Shareholders,

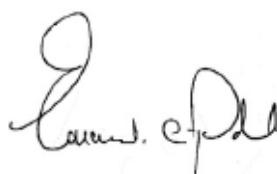

During the 2021/2022 financial year the portfolio return declined by 21.1%, compared to the ASX All Ordinaries Index which decreased by 11.0%. After generating positive returns of 3.8% to December 2021, the result has been heavily influenced by the macro conditions that have occurred in the last six months.

Global events, including the war in Ukraine and China's COVID lockdowns created fear and uncertainty in the market. While the realisation that inflation was entrenched rather than transitory has led to central banks playing catch-up with interest rates, rising rates much earlier than was forecasted at the start of the year. The rising interest rate environment has had a negative impact on our portfolio as the discount rate increased for future cashflows, this in turn decreases the value of the investee business or the price that one might pay for future earnings. The growth stocks that comprise our portfolio have been impacted by this feature more than traditionally categorised "value stocks".

Taking a long-term approach allows us to see the turbulence as a normal part of the market. Markets do not follow a straight linear path, bottom left to top right, they tend to cycle through periods of excesses and then corrections. To elaborate further - the ASX All Ordinaries Index is down 11.1% this year and over the past 24 years has returned an average of 3.8%. However, the annual return in any one year has never been within 10% of the average, instead we have five years where the losses are greater than 10% (the lowest being negative 26% in FY2009) and nine years where the gains are greater than 10% (highest being 26.4% in FY2021), the remainder fall somewhere in between, but nowhere near the average. If you're wondering, the FSI portfolio has generated annual returns of 11.8%, with only two years of losses of more than 10% (lowest was negative 24.1% in FY2008) and 14 years of gains greater than 10% (highest was 40.7% in FY2021).

Through our 'quality franchise' framework our investments have been retested to ensure that they remain competitive in the current environment, that they are not restricted through excessive debt and that they can continue to execute on their strategy. Our portfolio turnover in the last six months has been very low as we remain confident in the portfolio companies. For the time being, we focus on the long-term earnings potential of our investee businesses, and remember that even during times of turmoil a high-quality business with a sustainable competitive advantage will produce superior investment returns over the long term.

Yours sincerely

Dr Manny Pohl AM

DIRECTORS' REPORT (Continued)

3. PRINCIPAL ACTIVITIES

The principal activity of the Company is investing in securities listed on the Australian Securities Exchange. There have been no significant changes in the nature of this activity during the year.

4. REVIEW OF OPERATIONS

Portfolio performance has been negative after nine years of positive returns. Performance during the financial year of negative 21.1% reflects the broader market results (the ASX All Ordinaries declined by 11.1% over the period), but is compounded by the current interest rate environment which has a disproportionate impact on the Company's portfolio of growth stocks. On a positive note, dividend revenue increased 57.8% on last year. Profits from the underlying business of investee companies have been resilient over the last 18 months and the dividends are a reflection of this performance.

Due to the under performance of the portfolio relative to the Bank Bill Index, which increased by 0.1% during the year, the Manager has not been paid a fee this year, compared to \$3,359,000 last year.

During the year, the Company issued 7,407,407 convertible notes at \$2.70 per note. The objective is to grow the Company without diluting existing Shareholders. The notes require a 5.5% annual interest payment paid quarterly and can be converted into ordinary shares after the second anniversary of the issue date. Due to the accounting treatment of the convertible notes there have been a number of one-off items in the current Statement of Profit or Loss as well as the interest amortisation which will be an ongoing feature for the next five years. Costs of the issue were \$573,000 of which \$73,000 is recognised in the Statement of Profit or Loss, with the balance becoming part of the amortisation over the Note issue period. The conversion option feature was initially recognised as a derivative liability, until the Note Terms were amended on 17 June 2022. At this point in time the conversion option was remeasured to fair value and transferred to equity, the fair value movement, of positive \$2,047,000 is recognised in the Statement of Profit or Loss.

5. SIGNIFICANT CHANGES IN THE STATE OF AFFAIRS

There were no significant changes in the state of affairs of the Company during the financial year.

6. LIKELY DEVELOPMENTS AND EXPECTED RESULTS OF OPERATIONS

There are no planned changes to principal activities. Any general decline in equity markets may have an adverse effect on results in future years.

7. MATTERS SUBSEQUENT TO THE END OF THE FINANCIAL YEAR

Apart from the dividend declared as per item 8, no other matter or circumstance not otherwise dealt with in the Directors' Report or Financial Report, has arisen since the end of the year that has significantly affected, or may significantly affect the operations of the Company, the results of those operations or the state of affairs of the Company in future financial years.

8. DIVIDENDS PAID

Type	Cents per share	Total amount \$'000's	Date of payment
The dividends paid to Shareholders during the financial year were as follows			
Final	4.75	1,222	August 2021
Interim	4.50	1,161	February 2022
	9.25	2,383	
Dividends paid by the Company during the preceding year were:			
Final	4.25	1,084	September 2020
Interim	4.25	1,085	March 2021
	8.50	2,169	

The final dividend paid on 20 August 2021 and the interim dividend paid on 24 February 2022, were fully franked and fully attributable to LIC capital gains.

In addition to the above dividends, since the end of the financial year the Directors have recommended the payment of a fully franked final dividend of 4.75 cents per share, totalling \$1,228,220 to be paid on 26 August 2022. This dividend is fully attributable to LIC capital gains.

9. EARNINGS PER SHARE

Based on profit after income tax

	2022 Cents	2021 Cents
Basic earnings per share	10.0	(5.8)
Diluted earnings per share	5.2	(5.8)
Comprehensive earnings per share	(46.2)	51.7

See Note 18 of the Financial Report.

10. COMPANY SECRETARY

Scott Barrett B.Com, CA

Scott is a Chartered Accountant and commenced as Alternate Director and Company Secretary on 3 November 2017. He is the Chief Financial Officer for EC Pohl & Co. Scott has extensive business management and accounting experience working in subsidiaries of multinational groups from the hospitality and property industries.

11. MEETINGS OF DIRECTORS

END OF REMUNERATION REPORT (AUDITED)

13. ENVIRONMENTAL ISSUES

The Company's operations are not regulated by any significant environmental regulation under a law of the Commonwealth or of a State or Territory.

14. GENERAL TRANSACTIONS

Other than the Director's remuneration, the Company does not directly contract with any of the Directors.

15. LOANS

There are no loans issued to any of the Directors during or since the financial year (30 June 2021 – Nil).

16. OPTIONS

No Options have been issued during or since the financial year (30 June 2021 – Nil).

17. INSURANCE OF OFFICERS AND/OR AUDITORS

During the financial year, the Company insured the Directors and Officers against certain liabilities as permitted by the *Corporations Act 2001*. The insurance policy prohibits disclosure of the nature of the cover, the amount of the premium, the limit of liability and other terms.

The Company has entered into an agreement for the purpose of indemnifying Directors and Officers, to the extent permitted by law, against any liability (including the costs and expenses of defending actions for an actual or alleged liability) incurred in their capacity as a Director and Officer of the Company.

The Company has not during or since the financial year indemnified or paid any insurance premiums to indemnify the auditors.

18. PROCEEDINGS ON BEHALF OF THE COMPANY

No person has applied to the Court under Section 237 of the *Corporations Act 2001* for leave to bring proceedings on behalf of the Company, or to intervene in any proceeding to which the Company is a party, for the purpose of taking responsibility on behalf of the Company for all or part of those proceedings. No proceedings have been brought or intervened in on behalf of the Company with leave of the Court under Section 237 of the *Corporations Act 2001*.

19. NON-AUDIT SERVICES

The Company may decide to employ the auditor on assignments additional to their statutory audit duties where the auditor's expertise and experience with the Company are important.

There have been no amounts paid or payable to the auditors for non-audit services provided during the year.

The Directors have considered the position and are satisfied that the provision of any non-audit services (if necessary in future) is compatible with the general standard of independence for auditors imposed by the *Corporations Act 2001*. The Audit and Risk Committee is satisfied that the provision of any non-audit services by the auditor, would not compromise the auditor independence requirements of the *Corporations Act 2001* for the following reasons:

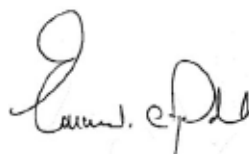

- ◆ All non-audit services would be reviewed by the Audit and Risk Committee to ensure they do not impact the impartiality and objectivity of the auditor; and
- ◆ None of the services undermine the general principles relating to auditor independence as set out in APES 110, including reviewing or auditing the auditor's own work, acting in a management or a decision-making capacity for the Company, acting as advocate for the Company or jointly sharing economic risk and rewards.

A copy of the Auditors' Independence Declaration as required under section 307C of the *Corporation Act 2001* is set out on page 13.

20. ROUNDING OF AMOUNTS

The Company is of a kind referred to in ASIC Corporations Instrument 2016/191 (rounding in Financials/ Directors' Report). Accordingly, amounts in the Financial Statements and Directors' Report have been rounded to the nearest \$1,000.

This report is made in accordance with a resolution of the Directors.

FLAGSHIP INVESTMENTS LIMITED
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2022

The functional and presentation currency of Flagship Investments Limited is Australian dollars.

The Company is an entity to which ASIC Corporations Instrument 2016/191 (rounding in Financials / Directors' Report) applies and accordingly, amounts in the financial statements and Directors' Report have been rounded to the nearest thousand dollars.

1. BASIS OF PREPARATION

The financial statements are general purpose financial statements that have been prepared in accordance with the Australian Accounting Standards and the *Corporations Act 2001*.

These financial statements and associated notes comply with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board.

The financial statements have been prepared on an accruals basis and are based on historical costs modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities.

Significant accounting policies adopted in the preparation of these financial statements are presented below. There are no changes in existing accounting policies that apply for the year ended 30 June 2022. On the 1st of October 2021, the Company issued 7,407,407 convertible notes, the accounting policy in relation to the issue is detailed below.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Balance Sheet Format

The Statement of Financial Position is in a liquidity format. The adoption of a liquidity format results in the removal of the terms "current asset" and "non-current asset" from the Statement of Financial Position, in favour of the general term "assets".

(b) Revenue and Other Income

Revenue is recognised when the amount of the revenue can be measured reliably, it is probable that economic benefits associated with the transaction will flow to the Company and specific criteria relating to the type of revenue as noted below, has been satisfied.

Revenue is measured at the fair value of the consideration received or receivable and is presented net of returns, discounts and rebates.

All revenue is stated net of the amount of Goods and Services Tax.

Interest Revenue

Interest is recognised using the effective interest method.

Dividend Revenue

Dividends are recognised when the Company's right to receive payment is established.

(c) Income Tax

The income tax expense recognised in the Statement of Profit or Loss and Other Comprehensive Income comprises of current income tax expense plus deferred tax expense.

Current tax is the amount of income taxes payable (recoverable) in respect of the taxable profit (loss) for the year and is measured at the amount expected to be paid to (recovered from) the taxation authorities, using the tax rates and laws that have been enacted or substantively enacted by the end of the reporting period. Current tax liabilities (assets) are measured at the amounts expected to be paid to (recovered from) the relevant taxation authority.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and losses can be utilised.

Current and deferred tax is recognised as income or an expense and included in profit or loss for the period except where the tax arises from a transaction which is recognised in Other Comprehensive Income or equity, in which case the tax is recognised in other comprehensive income or equity respectively.

(d) Goods and Services Tax (GST)

Revenue, expenses and assets are recognised net of the amount of Goods and Services Tax (GST), except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payable are stated inclusive of GST.

The net amount of GST recoverable from, or payable to, the ATO is included as part of receivables or payables in the Statement of Financial Position.

Cash flows in the Statement of Cash Flows are included on a gross basis and the GST component of cash flows arising from investing and financing activities which is recoverable from, or payable to, the taxation authority is classified as operating cash flows.

(e) Cash and Cash Equivalents

Cash and cash equivalents comprises cash on hand, demand deposits and short-term investments which are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value.

(f) Intangible Assets - Trademarks

Trademarks are considered intangible assets with indefinite useful lives. Trademarks are initially recognised at cost and are reviewed for impairment annually or whenever there is an indication of impairment.

(g) Trade and Other Payables

Liabilities for trade payables and other amounts are carried at cost which is the fair value of the consideration to be paid in the future for goods and services received, whether or not billed to the Company.

FINANCIAL REPORT (continued)

FLAGSHIP INVESTMENTS LIMITED NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2022

(h) Financial Instruments

Financial Assets At Fair Value Through Profit Or Loss

Financial assets at fair value through Profit or Loss are Financial Instruments convertible in to Equity Instruments. A financial asset is classified in this category if it is so designated by Management and within the requirement of AASB 9 Financial Instruments. Realised and unrealised gains and losses arising from changes in the fair value of these assets are included in the profit or loss in the period in which they arise.

Financial Assets At Fair Value Through Other Comprehensive Income

The Company is a long-term investor in equity instruments. Under AASB 9, these investments are classified as fair value through Other Comprehensive Income. After initial recognition at fair value (being cost), the Company has elected to present in Other Comprehensive Income changes in fair value of equity instruments investments.

Unrealised gains and losses on investments are recognised in the Asset Revaluation Reserve until the investment is sold or otherwise disposed of, at which time the cumulative gain or loss is transferred to the Asset Realisation Reserve.

The Company derecognises an investment when it is sold or it transfers the investment and the transfer qualifies for derecognition in accordance with AASB 9. Upon derecognition, unrealised gains/losses net of tax relating to the investment are transferred from the revaluation reserve to the realisation reserve.

Loans and Receivables

Loans and receivables are recognised initially at fair value and subsequently measured at amortised cost, less provision for doubtful debts. Trade receivables are due for settlement no more than 30 days from the date of recognition.

Collectability of loans and receivables is reviewed on an ongoing basis. Debts which are known to be uncollectible are written off. A provision for impairment of trade receivables is established when there is objective evidence that the Company will not be able to collect all amounts due, according to the original terms of the receivables.

Fair Value Estimation

The fair value of financial instruments traded in active markets (such as publicly traded derivatives and securities) is based on quoted market prices at the Statement of Financial Position date. The quoted market price used for financial assets held by the Company is the closing quoted price. The appropriate quoted market price for financial liabilities is the closing quoted price.

The nominal value less estimated credit adjustments of trade receivables and payables are assumed to approximate their fair values. The fair value of financial liabilities for disclosure purposes is estimated by discounting the future contractual cash flows at the current market interest rate that is available to the Company for similar financial instruments.

Convertible Notes

On the 1st of October 2021, the Company issued 7,407,407 Convertible Notes. These compound financial instruments are able to be converted to ordinary shares at the option of the noteholder in accordance with the Note Terms. The liability component is initially recognised as the difference between the compound financial instrument as a whole and the component associated with the conversion feature. Initially the conversion option was considered a derivative liability measured at fair value using observable inputs. The attributable transaction costs are allocated to the liability and derivative components in proportion to their carrying amounts, the derivative portion immediately recognised in the statement of profit or loss.

On 17 June 2022 there was an amendment to the conversion price features of the Note Terms and the conversion option was reclassified as equity. Prior to reclassification the conversion option was remeasured to fair value with the change recognised in the statement of profit or loss.

After initial recognition, the liability component of the compound financial instrument is measured at amortised cost using the effective interest method until extinguished on conversion or maturity of the notes. The carrying amount of the equity component is not remeasured in subsequent periods.

(i) Provisions

Provisions are recognised when the Company has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions for Dividends

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the Company, on or before the end of the reporting period but not distributed at the end of the reporting period.

(j) Share Capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of ordinary shares and share options which vest immediately are recognised as a deduction from equity, net of any tax effects.

(k) New Accounting Standards and Interpretations

The AASB has issued new and amended Accounting Standards and Interpretations that have mandatory application dates for future reporting periods. The Company has decided not to early adopt these Standards. The following table summarises those future requirements, and their impact on the Company where the standard is relevant:

AASB 17 Insurance Contracts	1 Jan 2023	AASB 17 Insurance replaces three standards that currently deal with insurance: definitions of insurance (AASB 4), general insurance (AASB 1023) and life insurance (AASB 1038). The concept behind the standard is to account for profit from insurance contracts in a way that considers risk associated with an insurance contract. There are three methods of accounting under the new standard, with the applicable method determined by the nature of the insurance contracts issued.	The impact of AASB 17 will not have a material impact on the Company.
-----------------------------	------------	--	---

3. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

(a) Key Estimates

The option feature of the convertible notes was valued using the Black Scholes Method. Key inputs into the calculation include observable data such as dividend yield, share price and exercise price as well as assumptions of stock price volatility (27.5% based on the annualised standard deviation of daily market movement averaged between a three and five year period) and risk free rate of return (based off the five year bond rate at the date of measurement).

There are no other key assumptions or sources of estimation uncertainty that have a risk of causing material adjustment to the carrying amounts of certain assets and liabilities within the next annual reporting period, as investments are carried at their market value.

(b) Key Judgements

The preparation of Financial Reports in conformity with Australian Account Standards require the use of certain critical accounting estimates. This requires the Board to exercise their judgement in the process of applying the Company's accounting policies.

The carrying amount of certain assets and liabilities are often determined based on estimates and assumptions of future events. In accordance with AASB 112 Income Taxes, deferred tax liabilities and deferred tax assets have been recognised for Capital Gains Tax (CGT) on the unrealised gains/losses in the investment portfolio at current tax rates.

As the Directors do not intend to dispose of the portfolio, the tax liability/benefit may not be crystallised at the amount disclosed in Note: 12. In addition, the tax liability/benefit that arises on the disposal of these securities may be impacted by changes in tax legislation relating to treatment of capital gains and the rate of taxation applicable to such gains/losses at the time of disposal.

The Company has an investment process which is anticipated will deliver medium to long-term capital growth.

The Company does not recognise a deferred tax asset when there are net unrealised losses in the portfolio from short term market fluctuations. The Company holds investments with a three to five year horizon and therefore the short term tax loss is unlikely to be realised.

The Company does not hold any securities for short term trading purposes. Therefore, the investment portfolio is classified as Financial Assets at fair value through Other Comprehensive Income.

4. OPERATING SEGMENTS

Segment Information

The Company operates in the Investment Industry. Its core business focuses on investing in Australian equities to achieve medium to long-term capital growth and income.

Operating segments have been determined on the basis of reports reviewed by the Managing Director. The Managing Director is considered to be the chief operating decision maker of the Company. The Managing Director considers the business from both a product and geographic perspective and assesses performance and allocates resources on this basis. The Managing Director considers the business to consist of just one reportable segment.

Total Proposed Dividend	1,228	1,222
The proposed final dividend for FY2022 was declared after the end of the reporting period and therefore has not been provided for in the financial statements. There are no income tax consequences arising from this dividend at 30 June 2022.		
(c) Franked dividends		
The franking credits available for subsequent financial years at a tax rate of 30%	3,629	3,727
The dividend franking account is calculated on a cash basis. It does not take into account:		
(a) Franking credits that will arise from the payment of the current tax liabilities;		
(b) Franking credits that will arise from the receipt of dividends recognised as receivables at the end of the year.		
The impact on the franking credit of the dividends proposed after the end of the reporting period is to reduce it by \$526,380 (2021: \$523,795).		
The ability to use the franking credits is dependent upon the Company's future ability to declare dividends.

20. FINANCIAL RISK MANAGEMENT

The Company is exposed to a variety of financial risks through its use of financial instruments.

The Company's overall risk management program focuses on the volatility of the financial markets and seeks to minimise potential adverse effects on the financial performance of the Company. The Company does not speculate in financial assets. Risk governance is managed through the Board which provides direct oversight on the Company's risk management framework and overall risk management performance.

The Board provides written principles for risk management covering investment portfolio composition as outlined in the Investment Mandate. Risk is managed by the professional, disciplined management of the investment portfolio by EC Pohl & Co Pty Ltd (the Manager).

The Company held the following financial instruments:

	2022	2021
	\$'000	\$'000
Financial Assets		
Cash and cash equivalents	4,925	3,061
Receivables	129	151
Financial Assets at fair value through Other Comprehensive Income	63,649	71,536
Total Financial Assets	68,703	74,748
Financial Liabilities		
Trade and Other Payables	680	3,630
Total Financial Liabilities	680	3,630

(a) Market Risk

Foreign exchange risk

The Company operates entirely within Australia and is not exposed to material foreign exchange risk.

Equity market risk

The Company is exposed to risk of market price movement through its investments in Australian listed equity securities. Equity investments held by the Company are classified on the Statement of Financial Position as Financial Assets at fair value through Other Comprehensive Income and any movement in the listed equity securities is reflected in Other Comprehensive Income.

The risk to Shareholders is that adverse equity securities market movements have the potential to cause losses in Company earnings or the value of its holdings of financial instruments. The Manager's investment strategy centres on the view that investing in proven high quality businesses with growth opportunities arising from their sustainable competitive advantage will outperform over the longer-term. Consistent with this approach, the Manager has an established risk management framework that includes procedures, policies and functions to ensure constant monitoring of the quality of the investee companies. The objective of the risk management framework is to manage and control risk exposures within acceptable parameters while optimising returns.

Equity market risk is measured as a percentage change in the value of equity instruments held in the portfolio, as compared to the total market index for the same period.

The Company's exposure to equity market risk over the Manager's investment horizon at the end of the reporting period is:

	2022	2021
Portfolio five-year return	11.0%	18.2%
All Ordinaries Index five-year return	3.2%	7.4%

(b) Sensitivity Analysis

Increases/decreases in an equity securities price, affect the Company's asset revaluation reserve and Other Comprehensive Income for the year. The analysis is based on the assumption that the Financial Assets at fair value through Other Comprehensive Income had increased/decreased by 5% (2021 - 5%) with all other variables held constant.

Impact on Equity and Other Comprehensive Income for the year:

2022 +/- \$3,182,000

2021 +/- \$3,577,000

Impact on profit or loss is nil.

(c) Cash Flow Interest Rate Risk

The convertible notes issued by the Company have a fixed interest rate component of 5.5% per annum with a single step up to 6.5% per annum if the 2-year bank bill swap rate is above 1.2832% as at 30 September 2024.

The Company is exposed to cash flow interest rate risk from holding cash and cash equivalents at variable rates. Revenue from interest forms a very minor portion of the Company's income and therefore exposure to interest rate risk is not significant.

As at the reporting date, the Company had the following cash and cash equivalents:

30 June 2022: Balance \$4,925,000

Weighted average interest rate 0.0%

30 June 2021: Balance \$3,061,000

Weighted average interest rate 0.1%

(d) Relative Performance Risk

The Manager aims to outperform the risk-free cash rate over the long-term. However, as the portfolio consists of equity investments these will tend to be more volatile than cash, so there will likely be periods of relative under and over performance compared to the benchmark risk free rate.

Over the long-term the Manager is confident that the portfolio can achieve outperformance through an investment selection process that invests in companies that have a sound business model, display a sustainable competitive advantage and have proven quality management.

FINANCIAL REPORT (continued)

FLAGSHIP INVESTMENTS LIMITED NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2022

(e) Credit Risk

Credit risk is the risk of a counterparty defaulting on their financial obligations resulting in a loss to the Company. The objective of the Company is to minimise credit risk exposure. Credit risk arises from cash and cash equivalents and Financial Assets at fair value through Other Comprehensive Income. Credit risk is managed by the Manager.

Credit risk arising from cash and cash equivalents is managed by only transacting with counterparties independently rated with a minimum rating of A. The providers of financial services to the Company are rated as AA by Standard and Poor's. Credit risk on cash and cash equivalents is deemed to be low.

Credit risk arising from Financial Assets at fair value through Other Comprehensive Income relates to the risk of counterparties on the ASX defaulting on their financial obligations on transactions for Australian listed equity securities. The credit risk for these transactions is deemed to be low.

The maximum credit risk exposure of the Company at year end is the carrying value of the assets in the Statement of Financial Position.

There is no concentration of credit risk with respect to financial assets in the Statement of Financial Position.

(f) Liquidity Risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due.

The objective of the Company is to ensure as far as possible that it will always have sufficient liquidity to meet its liabilities when due, under both normal and distressed conditions.

Prudent liquidity risk management implies maintaining sufficient cash and marketable Australian listed equity securities.

The Manager controls liquidity risk by continuously monitoring the balance between equity securities and cash or cash equivalents and the maturity profiles of assets and liabilities to ensure this risk is minimal.

21. CAPITAL MANAGEMENT

The Board's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The capital structure of the Company consists of equity attributable to members of the Company. The Board monitors the return on capital, which is defined as net operating income divided by total Shareholders' Equity. The Board also monitors the level of dividends to Shareholders.

The capital of the Company is invested by the Investment Manager in accordance with the investment policy established by the Board. The Company has no borrowings beyond the convertible notes issued this year. It is not subject to any externally imposed capital requirements.

There were no changes in the Company's approach to capital management during the year.

22. FAIR VALUE MEASUREMENTS

The Company measures the following assets and liabilities at fair value on a recurring basis:

- Financial Assets at fair value through Other Comprehensive Income.
- Financial Assets At fair value through Profit or Loss.

Fair value hierarchy

AASB 13 *Fair Value Measurement* requires all assets and liabilities measured at fair value to be assigned to a level in the fair value hierarchy as follows:

- Level 1 Unadjusted quoted prices in active markets for identical assets or liabilities that the Company can access at the measurement date.
- Level 2 Inputs other than quoted prices included with level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 Unobservable inputs for the asset or liability.

The table below shows the assigned level for each asset and liability held at fair value by the Company:

30 June 2022	Level 1 \$'000	Level 2 \$'000	Level 3 \$'000	TOTAL \$'000

24. MANAGEMENT SERVICES AGREEMENT

In accordance with a Management Services Agreement, the Company has agreed to engage the Manager to provide primary and secondary management services, including:

- 1) managing the investment of the Company's portfolio, including keeping it under review;
- 2) ensuring investments by the Company are only made in authorised investments;
- 3) complying with the investment policy of the Company;
- 4) identifying, evaluating and implementing the acquisition and disposal of authorised investments;
- 5) provide the Company with monthly investment performance reporting;
- 6) manage the Company's public and regulatory announcements and notices;
- 7) promoting investment in the Company by the general investment community;
- 8) providing investor relationship services; and
- 9) provision of accounting, human resources, corporate and information technology services support.

In August 2020 it was agreed that the agreement be extended for a term of five years.

The agreement may be terminated if:

- a) either party ceases to carry on business, or
- b) either party enters into liquidation voluntarily or otherwise, or
- c) either party passes any resolution for voluntary winding-up, or
- d) a receiver of the property of either party, or any part thereof, is appointed, or
- e) the Shareholders of the Company at an abnormal meeting called in for that purpose, resolve by binding resolution to terminate the operations, or
- f) if the Company provides written notice to the Manager in the event of any material and substantial breach of the agreement by the Manager or if the Manager fails to remedy a breach of this agreement within 14 days following written notice of the breach.
- g) if the Manager provides written notice to the Company in the event of any material and substantial breach of the agreement by the Company or if the Company fails to remedy a breach of this agreement within 14 days following written notice of the breach.
- h) In recognition of the roles and personal expertise of senior executives retained by the Manager for the purpose of providing the primary services described in clause 3 of the Agreement, the parties agree that the agreement may be terminated, at the option of the Company, if there are major changes to senior executives (or their roles) providing the primary services. The Company shall be entitled to give the Manager a written termination notice upon or after the occurrence of a major change of the kind mentioned and such notice, if given, shall be effective at the end of the calendar month next following the giving of such notice unless the Company and the Manager mutually agree upon another date at which this agreement will terminate.

Under the agreement the Manager will receive a performance fee, payable annually in arrears, equal to 15% of the amount by which the Company's net performance before tax (that is, after all costs and outlays but before the calculation of the performance fee) exceeds the interest rate payable on bank bills as represented by the Bloomberg Bank Bill Index for that year. If the Company's net performance in the year is less than the interest rate payable on bank bills as represented by the Bloomberg Bank Bill Index for that year, then no performance fee will be payable. Under the terms of this agreement nil performance fee expense was recognised during the year ended 30 June 2022 (2021 - \$3,358,853).

Report on the Audit of the Financial Report

Opinion

We have audited the financial report of Flagship Investments Limited (the Company), which comprises the statement of financial position as at 30 June 2022, the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information, and the Directors' declaration.

In our opinion, the accompanying financial report of Flagship Investments Limited is in accordance with the Corporations Act 2001, including:

- (a) giving a true and fair view of the Company's financial position as at 30 June 2022 and of its financial performance for the year then ended; and
- (b) complying with Australian Accounting Standards and the Corporations Regulations 2001.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the Corporations Act 2001, which has been given to the Directors of the Company, would be in the same terms if given to the Directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report for the year ended 30 June 2022. These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Information Other Than the Financial Report and Auditor's Report Thereon

The Directors are responsible for the other information. The other information comprises the information included in the Company's annual report for the year ended 30 June 2022 but does not include the financial report and our auditor's report thereon. Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon. In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Matters Relating to the Electronic Presentation of the Audited Financial Report

This auditor's report relates to the financial report of Flagship Investments Limited for the year ended 30 June 2022, intended to be included on the Company's or other websites. The Company's Directors are responsible for the integrity of the Company's or other websites. We have not been engaged to report on the integrity of the Company's website. The auditor's report refers only to the statements named above. It does not provide an opinion on any other information which may have been hyperlinked to/from these statements. If users of this report are concerned with the inherent risks arising from electronic data communications they are advised to refer to the hard copy of the audited financial report to confirm the information included in the audited financial report presented on websites.

Responsibility of the Directors for the Financial Report

The Directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and for such internal control as the Directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, omitting, misstating or obscuring them, could reasonably be expected to influence the decisions of primary users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.

INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF FLAGSHIP INVESTMENTS LIMITED
(Page 4 of 4)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstance, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Directors and management.
- Conclude on the appropriateness of Directors and management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosure in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transaction and events in a manner that achieves fair presentation.

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on the Remuneration Report

Opinion on the Remuneration Report

We have audited the remuneration report included in pages 11 to 12 of the Directors' report for the year ended 30 June 2022.

In our opinion the remuneration report of Flagship Investments Limited for the year ended 30 June 2022 complies with s300A of the Corporations Act 2001.

Responsibilities

The Directors of the Company are responsible for the preparation and presentation of the remuneration report in accordance with s300A of the Corporations Act 2001. Our responsibility is to express an opinion on the remuneration report, based on our audit conducted in accordance with Australian Auditing Standards.
